UNITED FEDERAL CREDIT UNION DONATES COMPUTERS

ST. JOSEPH, MI, FEBRUARY 1, 2008: United Federal Credit Union recently donated twenty-five computers to the Holland (MI)-based MacMedia's CARE (Computers and Access Reaching Everyone) Program. MacMedia's mission is to provide the tools, training and transmission for electronic communication. The MacMedia team believes that, although computers are an important part of being able to communicate electronically, many people are not able to afford this essential tool. Studies show that

persons without access to a computer are less successful in school and in obtaining employment.

Working with not-for-profit organizations that refer clients demonstrating economic need and no computer access in their home, MacMedia has placed more than 650 computers in Ottawa County (MI) and surrounding areas since 2001. CARE is possible through donations of equipment and monetary resources from organizations like United Federal Credit Union.

"Our mission at United supports efforts to give-back to the people in the communities that we serve, particularly those that have demonstrated need such as the clients of MacMedia," said Gary Easterling, President and CEO of United Federal Credit Union. "We are pleased to partner with the CARE Program and the Holland community in this way. It is our intent to be a part of making a brighter future for those that need a helping hand."

United Federal Credit Union, a not-for-profit full-service financial institution, is based in St. Joseph Michigan. With more than 76,000 members and over \$716,000,000 in assets, United offers sixteen convenient locations in St. Joseph, Holland, Buchanan, Niles, Berrien Springs, Stevensville, and Benton Harbor in Michigan. In addition, branches are located in Gwinner (ND), Van Buren and Fort Smith (AR), Statesville and Fletcher (NC) and Marion (OH). For more information about United Federal Credit Union, visit www.UnitedFCU.com or call the Member Service Center toll-free at 1-888-982-1400.
